

Tips when shopping for The Net

1. No preference on **brands**
2. **Sugar & creamer** – we prefer the canisters where they can serve themselves directly from the canister instead of the individual packets.
3. **Candy** - individually wrapped because we sometimes have dirty hands in the candy dish! :)
4. **Lemonade, Iced Tea and hot cocoa mix** should all be in the bulk containers because we use tons of this. For example, the individual hot cocoa packages don't work because we mix up big coffee pots of hot chocolate so we need large quantities and not individual cup servings.
5. **Cookie/Cake mixes** – please do not send mixes that require any ingredients other than water, eggs, oil, and butter. We do not stock other ingredients and it's very expensive to buy them at the local grocery store.
6. **Hot Cocoa Mix** should be the kind you can mix with water *not* milk.

DO buy things that look like this:
