

AFLC Home Missions Regional Conference

Mission Clarity: Renewing Congregations for the Mission of God

Your congregation is an active part of the Mission of our Triune God. Not only is it a sacred space where God nourishes and feeds his people, it is also a place that is sent. God has given his people the privilege of being recipients, and partners in His Mission. This is a grand story. However, sometimes leaders and congregations can get so overwhelmed with ministry that the beauty and clarity of this mission can grow dull. It's easy to disconnect the theology of mission with the everyday practice of mission which fosters unhealthy ministry and hinders renewal.
